

Lackey Clinic
A Free and Charitable Healthcare Center

Quick Facts on Our COVID-19 Response

COVID-19 brought new challenges, but **we knew we had to find a way to safely continue caring for our patients.** With God's provision and help from the community, we purchased safety equipment, implemented new protocols, and **expanded our services through our new telehealth program.** During the pandemic, we have utilized telehealth to successfully treat our patients who have been diagnosed with COVID-19.

Since the pandemic began:

**3,390 patient
appointments**

provided through in-patient
and telehealth

**791 people have
applied online**

to become a Lackey Clinic patient

**0 clinical
days closed**

Help Us Serve Others!

We invite you to please consider financially supporting us as we deliver safe, quality healthcare to help our neighbors.
