HEARING FROM OUR CEO...

The question I most ask myself as CEO of Lackey Clinic is, “Are we working according to God’s will?” God’s will is often revealed through the fruit He produces, the lives He changes, and the provision He supplies along the way. “But the fruit of the Spirit is love, joy, peace, patience, kindness, goodness, faithfulness, gentleness, and self-control.” — Galatians 5:22-23

As I look across the ministry of Lackey Clinic, I see this fruit everywhere. I see volunteers who generously give their time and talents. I see donors whose sacrificial gifts make compassionate healthcare possible. I see churches that pray faithfully for our mission. I see community partners who open doors for greater impact. Most importantly, **I see patients whose lives are being changed through healing, encouragement, and hope—such as the Greens share in their story below.**

WHY WE LOVE LACKEY CLINIC...

In November of 2025, I went to the ER with what I thought was a kidney infection. Turns out I had an aortic aneurysm, with a slow leak into my belly. I was then flight lifted to Norfolk Sentara Trauma Center. All of this was because I couldn’t afford to go to my doctor for my prescription renewal of my high blood pressure medication. **Without Lackey Clinic and the wonderful people who help fund Lackey, I might not be alive right now because I still can’t afford to go to the doctors.**

My husband, Lloyd, has a severe case of atopic dermatitis eczema. His skin would itch so bad, he would cause open wounds on his body from scratching. He does landscape so the heat made it worse; he is now getting the treatment for it at Lackey. He also has seizures and takes medication for it. And again, without Lackey and wonderful people like you who help fund Lackey, he would still be having these terrible itches.

I’m not sure if you know just how grateful the patients at Lackey Clinic are, not just for the Clinic itself but for wonderful people like you. So from two patients at Lackey, THANK YOU FOR GIVING!!!”

— Crystal and Lloyd Green, *Lackey Clinic Patients*

None of this is something we have accomplished on our own. Every volunteer who serves, every donation received, every grant awarded, every partnership formed, and **every patient served is a reminder that God continues to provide what is needed for the work He has called us to do.** Time and again, when a new challenge emerges, He sends the right person, the right resource, or the right opportunity at just the right moment.

We continue to need your support to help us fulfill our mission. Your generous contributions, whether through your prayers, financial support, or volunteering makes a significant difference in the lives of our patients. "As each has received a gift, use it to serve one another, as good stewards of God's varied grace..." — 1 Peter 4:10

With gratitude,

Larry M. Trumbore, Jr.
Chief Executive Officer

Congratulations to Dr. Jill Cotel, our Medical Director, who won the statewide Health Care Champion Award from the Virginia Health Care Foundation! She received her award at the VHCF's annual Cheers for Champions event. Through her utilization of technology, Dr. Cotel is helping transform the way Virginians can obtain access to high-quality healthcare.
